DOGWOOD ALLIANCE
Mini-Grant Application Guidelines
56-2139120

Dogwood Alliance is comprised of organizations, community groups and individuals working to protect southern forests and communities against the rapid proliferation of high-capacity chip mills. Dogwood Alliance envisions stable, sustainable human communities that maintain and enhance the functioning resiliency of the region’s native forests.

Dogwood Alliance periodically accepts grant proposals from organizations, community groups and individuals working to protect their forests and communities against the proliferation of chip mills. Proposals must demonstrate a commitment to the Alliance’s mission, goals and strategies.

Dogwood Alliance’s mission is to protect Southern forests by stopping the proliferation of chip mills and the expansion of industrial forestry. The Alliance seeks adequate financial resources to support the implementation of both collaborative regional strategies and targeted local campaigns that further its mission.

Dogwood Alliance’s goals are:
- To eliminate opportunities for the timber industry to expand without checks and balances;
- To reduce the demand for products made from wood chips, such as paper and chipboard;
- To increase the accessibility of information to private landowners about alternatives to clearcutting.

The Alliance, through its membership, has identified seven major strategies for reaching its goals:
- Strengthen, support and empower our network of forest protection advocates through hands-on, strategic assistance and training sessions; our newsletter; our web page; direct financial support; membership meetings; a database of regional contacts, and outreach tools such as maps, slides, and research reports.
- Document the ecological and economic impacts of industrial scale clearcutting by building and supporting ForestWatch programs.
- Promote reduction in the use of wood fiber for paper and chipboard products.
- Build statewide coalitions to push for forest protection policy.
- Challenge new chip mill permits.
- Organize and oversee the federal assessment of Southern forests.
- Align with and educate landowners about ecologically feasible alternatives to clearcutting.
